Christmas + New Year

Festive Greetings

Welcome to Sheraton Maldives we hope the creative skills of our Food & Beverage team will provide you with a memorable experience. Our style of food at the resort caters to all requirements and we place a strong emphasis on cuisines of both the past and the current trends. We believe in using the finest of ingredients sourced from around the world and around our home. Every effort is made to find ingredients of the highest quality and have them delivered to the resort as pure and fresh as they might have been served at their place of origin. Our Executive Chef & his multinational brigade of chefs' work as a team to produce a combination of dishes that allows the East to meet the west in culinary terms.

Healthy eating and good living are of utmost importance to us. To complement the dining options we have put together a wine list featuring some of the world's best received awarded wines. The list has been compiled bearing in mind the diversity of labels and wine making styles that exist, and features some boutique wine makers from different part of the world.

Personalization has always been one of the corner stones of our cuisine concept. Should you require a special dietary intake of certain food groups, we would be more than happy to tailor a menu to your needs and specifications. We look forward to exceeding your expectations, and we wish you many pleasant dining experiences during your stay at Sheraton Maldives.

Merry Christmas & Happy New Year to all.
